PROJECTS

NotesBuddy — Full-Stack Student Resource & Notes Management Platform

- Developed a full-stack academic resource-sharing platform enabling students to upload, search, preview, download, and manage study notes.
- Implemented Clerk authentication and user profiles with academic information such as stream, semester, year, and institute.
- Built a personalized notes recommendation feed based on users' academic profiles and interests
- Integrated Supabase Storage for PDF file management and implemented note preview and download functionality.
- Developed a search system allowing users to find notes by subject with case-insensitive database queries using Prisma and PostgreSQL.
- TECHSTACK: Nodejs, Expressjs, Nextjs, Postgresql, PrismaORM, Multer, Supabase

CERTIFICATIONS

- Complete Web Development Course — Udemy
100 Hours | Completed July 2026
- Python Basic – HackerRank
